

Philip A. Leone
Director, Joint Legislative Audit and Review Committee
General Assembly Building, Suite 1100
Richmond, Virginia 23219

Dear Mr. Leone:

Thank you for the opportunity to review and discuss those portions of the exposure draft report to the Committee that relate to Northrop Grumman.

Northrop Grumman appreciates the professionalism of the JLARC staff throughout this study process, their cooperation and their willingness to consult with Northrop Grumman on this very complicated issue. We look forward to providing any support we can to the Commonwealth of Virginia in implementing those report recommendations the General Assembly may choose to accept.

In the meantime, please do not hesitate to contact me with any questions you may have or additional information you may require. I can be reached at the CESC, 804.416.6555.

Sincerely,

Sam Abbate
Vice President and Program Manager
for the VITA Program
